## Intellectual Property Rights Cell

The Intellectual Property Rights (IPR) Cell has been setup from 2024 in the Vijaya Vittala Institute of Technology (VVIT) to promote awareness and provide basic knowledge on intellectual property and to encourage students towards creation of IPR and procedure of filling the patents at the national & international level.

The major objectives of the cell are to organize technical programs to generate awareness among staff on IPR and thus nurture students as research scholars, technocrats, professionals, industrialists, grassroots innovators, etc. It aims to increase the Intellectual Property output of the Staff and students by facilitating and guiding people from different walks of life. The IPR cell will provide financial, technical and legal assistance for filling patents/ copyrights and facilitate to access patent-related documents. The management encourages and motivates staff and students by supporting them financially for the patent filling, publishing and examinations.

Intellectual Property rights strive to encourage, creativity and innovation, which in turn leads to the generation of Intellectual property. Protection of Intellectual Property so generated is necessary to provide security, stimulation and incentives for sustained and enhanced output. The IPR Cell is constantly striving towards strengthening linkage with organizations to leverage its registered design further.
